

# KAURI COAST 4WD CLUB NEWSLETTER- JULY 2017

[kauricoast4wdclub.co.nz](http://kauricoast4wdclub.co.nz)

## PRESIDENT'S REPORT

Hi All.

Well July has been a very quiet month for the club with only Mullets Mud Run and the club meeting so far. Mullets was not well attended this year. So, we need to look at ways of making sure, if members go to the trouble of organising an event that it is well attended! We do have some new ideas for Mullets Mud Run for July 2018 so keep a look out closer to the time. It would be a pity to lose 4WD Area's/Event's especially one such as this one, that has so much Club history. Mullets Mud Run was my first ever Club Event back in 1999.

Looking forward to the prize giving at Fred (Patch) and Carols on the 5th August. Look in upcoming Events for time and directions. Great chance for a social catch up, even if your truck is not going or you can't normally get away for a day run.

We don't have many runs planned at the moment. I currently have a condition called "Mud Phobia" which is that I hate seeing mud on our farm, but do love playing in it on someone else's!!!!

It is surprising how far our Club Reputation stretches across New Zealand. When I was down visiting my Dad at Methven last month, I was reading the local High School Newsletter, and there was an article from the students who had been in Northland on the Ruawai Lions exchange holiday program. Their most enjoyable thing that they had done, of all that they did in Northland, was the trip down the beach with the Kauri Coast 4WD Club. There was a photo of 5 of our trucks and the students in their newsletter. Well done guys.

So, keep looking for places/events for the club to do to be a popular or great idea!!!!

And remember if you're going down a steep hill "it's just flat but on an angle".

Yours in 4WDing

Later Ron
